

Great Coates Reading Round-Up

Reading at Great Coates

Welcome to the latest edition of our Reading Newsletter this academic year. At Great Coates, our aim is for every child to become an avid reader. We firmly believe in the powerful impact that reading can have on a child's development. Our dedicated staff are always available to provide support and guidance to parents in fostering a love for reading and helping children discover books they will truly enjoy.

Our target for children is to encourage them to read at least three times a week. To help us track their progress, we kindly request that parents record these reading sessions in their child's reading record. If a child completes three reads in a week, they will receive a ticket. Each week, during assembly, we will select a winning name, and that child will be rewarded with a book.

This Term

This term, our school received 20 copies of Factopia. Our reading ambassadors were the first to enjoy them and share their thoughts. Amelia found it "really funny!" Max K. said, "I really liked this book as it taught me some interesting and unusual facts," and Lyla commented on how fun it is to follow the trails and learn new facts. These books will soon be available in our class libraries.
